

BRINGING *life* TO LEARNING

We are very excited to be announcing that The Tidewater School will be holding its first Annual Auction on June 4 at Patuxent Hall at Kings Landing Park in Huntingtown, MD, 7 - 10:00 pm.

The Tidewater School is a non-profit, 501(c)3 school that offers Pre-Kindergarten through Grade 5, and is best described as a unique and progressive school with Montessori components . We take the best of all educational philosophies and center our focus on the whole child. When you walk through our doors you know immediately that you are in a caring and creative environment. Our goal with our auction is to raise funds to help us to build a much needed science and technological center as well as to help us to provide financial assistance through scholarships to deserving under-privileged children in Southern Maryland. Our school has been in Southern Maryland for over 24 years. Our graduates have gone on to prestigious colleges and are using the life skills that they were taught at our school to give back to their community. We are now a second generation school, with our alumni sending their own children to Tidewater.

We are asking members of the business community to sponsor us with a donation. You will find a donor form attached. The deadline to submit the form in order to be in our catalog is May 1, 2010. After that date, you will be acknowledged in our auction addendum. We ask that you complete the donor form and either fax or mail it to our school. The fax number is 410-414-5055. One of our volunteers will pick up your donation. Please feel free to call Dawn Shamkin at The Tidewater School if you have any questions. The phone number is 410-257-0533 and the email is: [tidewaterschool@chesapeake.net](mailto:tidewaterschool@chesapeake.net).

On behalf of The Tidewater School community, we thank you for your generosity.

Sincerely,

Karen Walling  
Event Chair
